Evaluation Criteria

Claus	Description
1.	Scope
	Local handling and inland transportation:-The cost for Inland transportation,
1.1	insurance, related services, installation, commissioning, demonstration and
	other incidental costs for delivery of goods, or port of entry, or supply point
	to consignee site, schedule of supply shall be quoted in price schedule.
1.2	Minor omission and missing items:- Pursuant to the relevant clauses, the
1.4	cost of all quantifiable non-material non-conformities or omissions from the
	contractual and commercial conditions shall be evaluated. The procuring entity
	will make its own assessment of the cost of any non-material non-conformities
	and omissions for the purpose of ensuring fare comparison of bids.
2.	Technical Criteria: -The minimum technical level that the goods and related
	services shall have in order to comply with the Section V, schedule of supply
	are specified. These criteria are evaluated on a pass-fail system, with a minimum acceptable level for each criteria enumerated in technical
	specifications of item. However, a minor deficiency in technical compliance may
	not be cause for rejection of the bid.
	Economic Criteria: - The economic criteria are most important when
3.	evaluating a Bid. The price, however, may not be the only criterion, as there
	could be technical evaluation that may be expressed in mandatory terms i.e.
	cost per test etc. The following may be examples: - 3.1, 3.2
3.1	Adjustment for deviations in the delivery and completion schedule: - The
	deviation from the delivery and completion schedule specified in Section V,
	schedule of supply are permitted. No credit will be given for earlier completion. Operation and maintenance cost: The methodology is elaborated at BOQ for
3.2	determining lowest bid (L-1) Generally, the life cycle of equipment and its
	comprehensive maintenance period is defined in technical specifications.
	Presently, maintenance costs are evaluated at their present value over the life
	cycle of the goods and then added to the price of the goods for comparison of
	bids.
3.2	Spare parts: - Only those spare parts and tools which are specified on an
0.2	item wise basis in the list of goods and related services Section V, schedule
	of supply shall be taken in account in bid evaluation. Supplier recommended
	spare parts for specified operating requirement shall not be considered in bid
	evaluation. The price for evaluating L1 (as per BOQs) shall be decided on the basis of cumulative rates of Main item, Accessories (wherever asked)
	/Indian items (wherever asked) i.e cost of main item + cost of Accessories
	= Total cost of equipment.
2.2	Performance and productivity of goods:- The performance and productivity
3.3	of the equipments shall be as per the reference value or norms specified in
	technical specification of an item and corresponding value guaranteed by the
	bidder in its bid.
4	Taxes as applicable, should be mentioned clearly and separately.

Section V: Schedule of Supply

Clause No.	Description
1	List of goods and related services
1.1	Name of item
1.2	Related services are delivery, local transportation, installation, commissioning, demonstration and training etc.
1.3	Guarantee period starts from the date of successful installation for a period of five years.
1.4	Comprehensive maintenance contract shall be executed for a period of five years from the date of completion of guarantee period. However, JKMSCL may, if deemed fit, enter into third party agreement under comprehensive equipment maintenance programme, Govt. of India.
2	Delivery and completion schedule
2.1	SUPPLY ORDERS AND SUPPLY SCHEDULE:
2.1.1	Supply order shall be placed through registered post/e-mail/any communication medium by the JKMSCL. The date of receipt of e mail/fax/other communication shall be treated as the date of order for calculating the period of execution of order. The successful bidder shall execute the orders within a delivery period of 60 days or as specified in the supply order from the date of issuing supply order and handing over of space with the availability of power & other requisite installations by the end users.
2.1.2	In case of imported items, 30 days will be given in addition to above mentioned period, as mentioned in condition No. 2.1.1 above.
2.1.3	The successful bidder shall acknowledge the receipt of orders, if any, within 7 days from the date of dispatch of order, failing which the procuring entity may be at liberty to initiate action to purchase the items on risk & cost purchase provision. However finalization of annual Rate contract does not mean mandatory issuance of supply order. Supply order shall be as per the requirements of items at various end-users.
2.1.4	The Site of delivery shall be Drug ware House of JKMSCL or as per the requirement of the Department . The bidders can visit the site after seeking permission from the competent authority before quoting their rates.
2.1.5	To ensure sustained supply without any interruption, the JKMSCL reserves the right to have more than one approved supplier from amongst the qualified bidders on L1 matched rates only. In such a case, the requirement may be met by dividing be quantity among the R/C holders considering the quantity required and dedicated capacity of the successful bidders.
2.1.6	The ready stock position of the item, if provided by the firm, may be considered by the corporation for the placement of supply orders.
2.1.7	It may be noted that the JKMSCL does not undertake to assist in the procurement of raw material, whether imported or controlled or restricted, and as such the bidders must offer their rates to supply the specific items from own quota of raw material stock by visualizing the

	prospect of availability and requirement. Any of the above points if taken, as argument for non-supply/delayed supply will not be entertained.
2.1.8	The figures indicated, if any, do not constitute any commitment on the part of JKMSCL to purchase any of the articles and the quantities shown therein against each or in any quantity whatsoever and no objection against the quantity of the indent of approved item being more or less than the indicative quantity will be entertained and shall not be acceptable as a ground for non supply of the quantity indented.
2.2	PROCURING ENTITY'S RIGHT TO VARY QUANTITY:
2.2.1	If the JKMSCL procures less than the quantity indicated in the bidding documents (if asked) the bidder shall not be entitled for any claim or compensation except otherwise provided in the conditions of contract.
2.2.2	If the bidder fails to supply, the JKMSCL shall be free to arrange / procure the item(s) from other sources and the extra cost incurred shall be recovered from the supplier.
2.3	SUBMISSION OF CONTRACT COMPLETION REPORT
2.3.1.	A consolidated statement shall be submitted to General Manager, EPM by the 10 th of each month. Every time the statement should contain details of all orders placed under the contract.
2.3.2	Firms shall have to submit consolidated statement in duplicate at the end of rate contract as well as after expiry of equipment / instrument guarantee period (as provided in guarantee clause of the contract) to enable the corporation to examine the case for refund of performance security.
2.3.3	The consignee shall intimate the contract /supplier about the defect (s) at once in such a manner, so as to reach the office of the firm immediately and before completion of guarantee period. It shall be the responsibility of the consignee to get the complaint of guarantee period. It shall be the responsibility of the consignee to get the complaint of defective equipment of defective performance registered immediately with the office of JKMSCL.
2.5	PACKING & INSURANCE:
2.5.1	The good shall be delivered at the destination in perfect condition. The firm if so desires may insure valuable goods against loss by theft, destruction or damages by fire, flood, under exposure to weather of otherwise in any situation. The insurance charges will have to be borne by the supplier and the corporation shall not be required to pay any such charges, if incurred.
2.5.2	The firm shall be responsible for the proper packing so as to avoid damages under normal conditions of transport by sea, rail, road or air and delivery of material in good condition to the procurement officer's store. In the event of any loss, damage, breakage or leakage or any shortage the firm shall be liable to make good such loss and shortage found at destination after the checking/inspection of material by the consignee. No extra cost on such account shall be admissible. The firm may keep its representative to verify any damage or loss discovered at the consignee's store, if it so likes.
2.5.3	The material received with damaged packing (or) without packing as per terms & conditions of NIT (or) in damaged state, shall be liable to the minimum penalty of 2.5% of the value of the damaged item (or) quantity

	received with damaged packing. Further packing, cases, containers and other allied material if any shall be supplied free, except where otherwise specified by the firm(s) and agreed by the corporation and the same shall not be returned to him.

19. CORRECTION OF ARITHMETIC ERRORS

Provided that a financial bid is substantially responsive, the procuring entity will correct arithmetical errors during evaluation of financial bids on the following basis:

(i) If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the

unit price shall prevail and the total price shall be corrected, unless in the opinion of the procuring entity there is an obvious misplacement of the decimal point in the unit price, in which case the total price as quoted shall govern and the unit price shall be corrected: If there is an error in a total corresponding to the addition or (ii) subtraction of subtotals, the subtotals shall prevail and the total shall be corrected. If there is a discrepancy between words and figures, the amount in (iii) words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to clause (a) and (b) above. If the bidder that submitted the lowest evaluated bid does not accept the correction of errors, its bid shall be disqualified and its bid security shall be forfeited or its bid securing declaration shall be executed. PROCURING ENTITY'S RIGHT TO VARY QUANTITY: 20 The quantity of equipments and instruments originally indicated in (i) the bidding document may vary without any change in the unit prices and other terms and conditions of the bid and the conditions of contract. If the Managing Director JKMSCL J&K procures less than the (ii) quantity indicated in the bidding documents the bidder shall not be entitled for any claim or compensation except otherwise provided in the conditions of contract. (i) If the Bidder fails to supply the Managing Director JKMSCL J&K shall be free to arrange/procure the items and the extra cost incurred shall be recovered from the Supplier. 21 VALIDITY OF BID: Bids shall be valid for a minimum period of 120 days from the date of opening of technical bid. Prior to the expiry of the period of validity of bid, the procuring entity, may request the bidders to extend the bill validity period for an additional specified period of time. A bidder may refuse the request and such refusal shall be treated as withdrawal of the bid but in such circumstances bid security shall not be forfeited. PRICE ESCALATION: 22 Price escalation or price variation shall not be applicable or considered under any circumstances for the purchases made under this bid or agreement. However, the provisions provided for tax variations are exclusive to this clause. SUBLETTING OF CONTRACT: 23 Subletting or assigning contract to third party is prohibited. In the event of bidder violating this condition, the Jammu and Kashmir Medical Supplies Corporation Limited shall be at liberty to place the contract elsewhere on the Bidder's account and at his risk. The bidder shall be liable for any loss or damage, which the Government may sustain in consequence or arising out of such replacement of the contract. 24 **FALL CLAUSE:-**The prices under contract shall be subject to price fall clause. The prices charged for the store supplies under the contract by successful bidder shall in no event exceed the lowest price at which the successful bidder sells the stores of identical description to any

other persons during the period of the contract anywhere in India. If any time, during the period of the contract, the bidder reduces the sales price chargeable under the contract, he shall forth with notify such reduction to the JKMSCL, J&K and the price payable under the contract for the stores supplied after the date of coming into force of such reduction or sale shall stand reduced correspondingly. It imply that if the contract holder quotes/ reduces its price to render similar goods at a price lower than the contract price to anyone in the State /UT of India at any time during the currency of contract including extension period, the contract price shall be automatically reduced with effect from the date of reducing or quoting lower price for all delivery of subject matter of procurement under contract and the contract shall be amended accordingly.

(ii) The firms holding parallel rate contract shall also reduce their price. Firms shall notify their reduced price and intimate their acceptance to the revised price within 15 days to JKMSCL. Similarly, if parallel rate contract holding firm reduced its price during currency of the rate contract, its reduced price shall be conveyed to other parallel rate contract holding firms and the original rate contract holding firms for corresponding reduction in their prices. If any rate contract holding firm does not agree to reduce price, further transaction with it, shall not be conducted.

25 COMPLIANCE WITH THE CODE OF INTEGRITY AND NO CONFLICT OF INTEREST:

Any person participating in a procurement process shall-

- Not offer any bribe, reward or gift or any material benefit either directly or indirectly in exchange for an unfair advantage in procurement process or to otherwise influence the procurement process;
- b) Not misrepresent or omit misleads or attempts to mislead so as to obtain a financial or other benefit or avoid an obligation;

- The drawers should be of medical grade with silicone rollers.
- The cabinets in the clinic area should be designed in such a way that there is separate storage for dental Instruments, equipments and consumables.

vii) Doors and windows specifications.

- The number, size and placement of doors and windows shall be finalized with the Institute authorities.
- All doors /windows and hatches should comply with BIS standard method for water proofing test on automobiles.
- Doors to have mechanism to hold them in open position.

- Foldable steps with anti skid materials to be provided.
- There should be adequate provision of loading wheelchair on to the van.

viii) Countertops specifications

- Table countertops should be of scratch resistant material or Stainless Steel.
- Edges to be covered with Stainless Steel Channel.
- Table thickness should be of at least 25 mm.

ix) Seating arrangements.

- Seating arrangements for at least 10-12 people with adequate gangway (excluding driver) (Final number of seats would be as per provision of law and final design.)
- Seats to be made of high density moulded Polurethane Foam with comfortable back rest of at least 40 kg/m3.
- The cabin should have adequate overhead storage space.

3) Electrical fittings specifications (As per automotive industry standards)

- It would include External Power Source (Shore Power) and Generator (5.5 KVA),
- Alternating Current Supply (AC) and Direct Current Supply (DC) ie. from Vehicle battery or additional battery.
- Cables used shall be BIS marked (Havel/Anchor).
- Copper conductors to be used should be with fire retardant PVC insulation and should be able to withstand working temperature upto 70 Degree Celcius.
- External power source should be in an accessible and well protected area from rain etc.
- Electrical cables should be internally concealed and located such that no part can make contact with any fuel line or exhaust system subjected to excess heat.
- Suitable special insulation to be provided where required
- Every electrical circuit should be provided with fuse.
- Electrical layout plan to be pasted at visible location.
- Adequate number of 5 and 15 Amp plug points along with switches of Standard quality (BIS). Location and number to be finalised as per design.

I. GENERATOR

- GENERATOR: Honda soundless petrol, 5.5 kva power engine or equivalent.
- Starting Mechanism: Recoil (Manual).
- Noise level (db): 52.0.
- Cooling system: Air Cooled.
- Aspiration: Natural.
- 12v, 83A DC output.
- Generator should be enclosed in sound proof, vibration free compartment, preferably under chassis.
- Generator control should be provided in the cabin.

- Adequate exhaust provision should be made.
- Inverter of at least 1 lew with 135 ah batteries (Exide), (Microtec/Sukam/Luminous)

II. Air Conditioner (AC)

- It should run in static as well as during running conditions.
- The air-conditioner should run with shore power as well as generator power.
- The air conditioner may be roof mounted AC or split AC (After final approval and as per design and feasibility)
- Each cabin should be thermostatically controlled.
- Adequate number of fans/exhaust to be provided in both cabins.

III. Exterior and Interior Lighting

- Illumination inside the container will be according to BIS/ISO standard.
- All lighting should be LED based.
- Each cabin should have minimum of 2 Emergency Lighting Lamp, which should be automatically charged directly from Line Power or Generator.
- Lamps power to be minimum of 8 W.
- The total number, intensity and design of lights shall be finalised as per drawings.

IV. Power Entry Panel

- The vehicle should have power panel. Panels to have heavy duty water proof connectors. Connector ends to be leveled down in order to protect water entrance. Panels should contain appropriate fuses, and lighting protectors. Panels should have 2 2 AC power entry (one for power supply and other for line power) and 1 DC power entry to use truck's 12 or 24 VDC power, Power Entry Panel should have current limits to provide at least a minimum of 30% more of all system power requirement in the dental van.
- Power Distribution Panel inside the container to be used to transmit power from power Entry Panel to the inside of van. Distribution Panel should have the minimum specifications and functions given below.
 - Main Power Switch.
 - Power Source-Line, Power selection switch, Interior lights switch.
 - AC and DC power Ampere meter, AC and DC power Voltmeter.
 - AC power frequency meter.
- Vehicle to have own grounding system.
- Electrical conductors should meet the requirement for flame resistance norms.
- Stabilizer and Voltmeter of adequate specifications matching the equipment of the mobile clinic along with adequate earth leakage circuit breakers.
- The circuit diagram for the BOX shall be type approved.

XI) Water System specifications:

• Fresh & Stored water system should be made available as separate tanks. Both the tanks should be of 150 ltr each

- Fresh water storage tank of 150 Its, mounted on roof
- Made up of stainless steel/PBC
- Water dispensing system should be pressurized using pressure pumps.
- Water supply to all the areas like washing, operating, chassis etc.
- Polybutylene plumbing of ½ inch dia for drainage and ¾inch for water supply.
- There should be an external water supply tap to be used for cleaning the vehicle.
- Electronic monitoring and control system with alarm to indicate the status of water, individually in both tanks and the controle to be fixed in the operating area.
- An auto shut off system should be in place to prevent dry run or over flowing of tanks.
- The waste water to be collected in stored water tank, which should be emptyable when full. The waste water tank to be provided with an alarm indication when tank gets full and should stop the further filling of tank.
- 1-2 washbasins in the clinic cabin.
- Sink and taps of branded, stainless steel type (design to be finalized later)
- Provision for mirror, soap dispenser, towel ring etc.
- RO system connected to fresh water tank along with a dispenser.

ANNEXURE D-3

Specification of Equipment & Accessories:

• The following equipment/accessories to be purchased by the fabricator and installed in the van as per design to be finalized by the institute.

I. General Items

- i. Fire extinguishers.
- ii. Colour coded waste collection bins (Pedal type).
- iii. Roof ladder
- iv. Blinds/curtains
- v. Public address system with overhead microphone and screen.
- vi. LCD TV (427) with DVD Player and Speakers.
- vii. Pest killer.
- viii. First Aid Box.
- ix. Stretcher.
- x. Wheelchair
- xi. Socket Extensions and cables, 15 meter of cable of adequate load bearing capacity and of standard BIS quality shall be provided to charge the battery/supply power from the AC source.

II. Dental Items.

- i. Dental Chair. -2 Nos.
 - Electrically controlled dental chair with all functional components integrated the chair
 - Should have seamless upholstery
 - Should have multiple programmes with independent up and down movement an back rest movement permit complete supine position of the patient
 - Should have manufacturer's name, brand, model, electrical rating, year manufacture durably marked on the equipment and should have IEC-60601-1 certificate
 - Should have two step articulated head rest for comfortable **patient-he positioning.**
 - White LED operating light with reflector with at least two intensities and than free switch on & off facility
 - Operating light should have autoclavable/removable handle
 - Spittoon should be made of high finish porcelain/toughened glass with sens activated cup filler, flush function.
 - Should have high and low vacuum suction with auto start and stop functions
 - Chair side console should have couplings for Airotor, Micromotor, 3 way syringes, with under hanging type of chords
 - Micromotor should have 1:1 direct drive
 - Stainless steel instrument top
 - Should have a LED backlit radiographic image viewer
 - Printer/electronic trouble shooting guideline should be provided to user

- Warranty period for 2 years and comprehensive AMC for 3 years after warranty period required, CE/ISO/FDA certification
- The model should be in the market for at least three years, the vendor will produce the necessary proof for verification in the technical bid

Accessories

- Operator stool with five castors and backrest-01 No.
- Water bottle and water treatment assembly for spittoon connection (the one functions should be connected to the integrated water reservoir of treated/distiller water).
 - I. Compressor
 - II. External suction.
 - III. Autoclave
- Capacity of atleast 22 litres.
- It should be CE certified.
- Should confirm to the B Class European standards EN-13060 having 3 pulsating vacuum suitable for different loads for wrap, unwrap, solid, porous, hollow instrument.
- It should comply to Bowie and Dick test and vacuum test programmes.
- Alarm system for waste water tank, avoid the waste water to enter to the sterilizing circulation, make the sterilization safe procedure.
- Should have the digital display with self test error detection system.
- Double lock door facility for safety during operation.
- Integrated printer for recording sterilization cycle.
- Should have supplied with in sealing machine made of S.S. with 10 mm wide s for sealing of instrument pouches & integrated cutter.
- Should be supplied with 5 rolls of sterilization pouches of 200 mtrs each with 75x100 mm width.
- Should be supplied with a water distilling equipment.
- ii. BP apparatus+ Stethoscope
- iii. Needle destroyer.
- iv. X-ray developer box.
- v. Glass Bead Sterilizer.
- vi. Portable Dental Chair with unit (to be stored in under carriage).
- vii. Lead apron /gloves/thyrocollar.
- viii. Mobile console consisting of light cure unit, Scaler, micromotor with Hand Piece. There should be provision of attaching this mobile console with any of the chair.
 - ix. X-ray Machine (wall mounted) so as to be used by both the chairs.
 - Scissor pantographic arm with both options of wall mounting/floor mounting
 - Automatic timers 0.02 to 3.0 seconds
 - Tube head to be lead coated
 - 70 kVp, 8mA
 - Focal spot less than or equal to 0.8 mm fine focus Italian tube inside Total filtration> 2mm (A1 equivalent)
 - Cordless remote exposure switch
 - Separate buttons for RVG & TOPA Uses
 - User interface small LCD window operation
 - Target angle 18-20

- Automatic time set for child, adult mode
- Manual time set should also be available
- Should be suitable for digital sensor and TOPA films
- Line Voltage 115V or 60HZ or 230V, 50HZ
- Extended warranty required and provision of AMC
- AERB Approval
- x. RVG with Laptop

Should be able to provide High Defination Radiography with High

Quality Image Capture

Direct Connectivity to USB

Fast Image Capture time
