M/s Bhardwaj Agencies
Bakshi Nagar, Jammu (Bidder)

No: JKMSCL/GM(Adm.)/2026/392-409

Dated: 22-04-2026.

Sub: Finalization and issuance of Rate Contract for the procurement of item "Ultrasound Colour Doppler with Shear wave Elastography" under Group "Machinery & Equipments".

Ref. No.

1 NIT No. JKMSCL/Mach/2024/630 dated 20-06-2024

2. Purchase Committee meeting held on 30.06.2025.

3. Minutes of Purchase Committee issued vide No. JKMSCL/PS/MD/2024-25/237-55 dated 10.07.2025.

4. LOI No. JKMSCL/GM(Adm)/2025/3215-20 dated: 12.07.2025.

5. Agreement executed on 27th November 2026.

6. Undertaking submitted 16.04.2026.

Sir,

In line with the decision taken by the Purchase Committee of JKMSCL in its meeting held on 30.06.2025 and notified vide its minutes referred to above, the following item/items as detailed below has/have been approved in your favour on the quoted rates in the offered documents submitted by you in response to the above referred to NIT:

1. Approved item and Rates

S. No.	Name of item	Currency	Basic Rate without Tax with conversion (1)	Taxes @5% (2)	Total Amount (in Rs) with taxes (1+2)
1.	Ultrasound Colour Doppler with Shear wave Elastography Importer : M/s Samsung India Electronics Pvt Ltd New Delhi Manufacturer : M/s Samsung Medison Co Ltd South Korea Model: Samsung V7	INR	3839285.71	1,91,964.28	40,31,249.99 (Rupees forty lakhs thirty one thousand two hundred forty nine and ninety nine only.)

1. Comprehensive Maintenance Contract (CMC)

CMC Charges for Five (05) years, applicable after expiry of warranty, are approved as under:

Year	Rate (INR)
6th year	448518.00

7th year	493365.00
8th year	542705.00
9th year	596975.00
10th year	656670.00

Terms and Conditions:

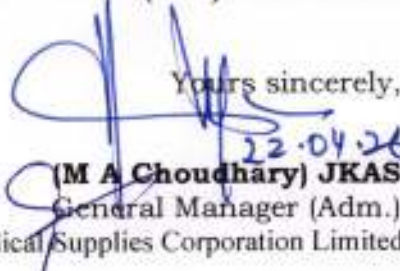

1. **Delivery Site:** Rates are FOR Drug warehouse of JKMSCL/any Govt. Institution(s) in the UT of J&K, wherever installation is required.
2. **Validity:** The rate contract shall remain valid for a period of two years from the date of issuance of the Contract which can be extended for a period of 90 days or till such time the new rate contract is finalized, whichever is earlier, with mutual consent of JKMSCL and successful bidder.
3. **Taxes:** As mentioned above and/or as applicable in line with the statutory provisions/Government notifications issued from time to time.
4. **Warranty:** Five Years from the date of installation.
5. **Performance Security:** Performance security equivalent to 5% of the total invoice value in the shape of Bank Guarantee in favour of FA/CAO, JKMSCL is required to be deposited within seven days from the date of issuance of Purchase Order(s) from time to time.
6. **Supplies** Within 90 days from the date of issuance of supply order(s).
7. **Penalty** In case of extension in the delivery period with liquidated damages, recovery of liquidated damages shall be made at the rate of 0.25% per day for every day of delay subject to maximum of 10%.
8. **Installation:** Installation / commissioning and necessary training for upkeep of the equipment shall be provided free of cost by the supplier/firm/agency.
9. **Availability of Spares:** Firm shall certify that the parts of the equipment will remain available at least for a period of **five years** after the year of expiry of warranty period of five years.
10. The firm shall submit an undertaking on stamp paper duly notarised/certificate to the effect that the above quoted rates are the lowest rates applicable/quoted to all Govt. / Private institutions/PSU's etc. Variation found if any, during the rate contract period by the Corporation/Intending department or any other agency shall be the sole responsibility of the Contractor/Supplier/manufacturer/importer.
11. The supplier/manufacturer/importer shall ensure to supply the Brand new and unused item(s) strictly as per specifications/sample(s) approved. Variations found, if any at the time of delivery of the equipment or at later stages by the Corporation/Intending department/any other agency which may lead to substandard or Not of standard/approved quality, shall be the sole responsibility of the supplier/ manufacturer/ importer/contractor.
12. JKMSCL is at liberty to get the feedback from the end-user department/intending department regarding the functioning of the machinery and equipment supplied by your agency. Adverse report, if any, may lead to strict action against you under rules/terms and conditions of the NIT/guidelines issued by the Govt. from time to time.
13. **Fall Clause:** The prices under contract shall be subject to price fall clause. The prices charged for the goods supplied under the contract by successful bidder shall in no event exceed the lowest price at which the successful bidder sells the goods or offers to sell the goods of identical description to any other person(s)/Organization(s) including procurement agencies or any other department of Central Govt. or State Govt. as the case may be during the period till the performance of the contract. If at any time, during the period of the contract, the bidder reduces the sales price chargeable under the contract, he shall forthwith notify such reduction to the JKMSCL, J&K as well and the price payable under the contract for the stores supplied after the date of coming into force of such reduction or sale shall stand reduced correspondingly. It implies that if the contract holder quotes/ reduces its price to render similar goods at a price lower than the contract price to any other organisation/institute in the Central/State Govt. at any time during the currency of contract including extension period, the contract price shall be automatically reduced with effect from the date of reducing or quoting lower price and the contract shall be amended accordingly.
14. **Risk Purchase:** If the bidder is unable to complete the supply within the specified or extended period, the corporation shall be entitled to purchase the goods or any part thereof from elsewhere without notice to the

bidder on his (i.e., bidders) account and at his cost and risk, with the prior approval of Managing Director JKMSCL, J&K. The bidder shall be liable to pay any loss or damage which the purchasing officer may sustain by reasons of such failure on the part of the bidder.

The bidder shall not be entitled to any gain on such purchases made against default. The recovery of such loss or damage shall be made from any sums accruing to the bidder under this or any other contract with the corporation/government. If recovery is not possible from the bill and the bidder fails to pay the loss or damage within one month of the demand, the recovery of such amount or sum due shall be made from the bidder. In case supplier fails to deliver ordered goods, the risk purchases may be made at market rate from any other firm. It is mandatory for the approved supplier to acknowledge receipt of orders within seven days from the date of dispatch of order, failing which the procuring agency will be at liberty to initiate action to purchase the items on risk purchase provision at the expiry of the prescribed supply period.

15. **Orders shall only be placed on the basis of actual requirement and subject to the availability of funds under the relevant Head of Accounts.**
16. **The aforesaid rates shall only be applicable for supply orders placed by JKMSCL. In case, the said rates after signing of agreement is used by your firm/dealer for making supplies to any other organization/department/agency on the said rate/rate contract, you shall have to pay 7.5 % of the total invoice value of product(s) supplied by your firm/dealer as penalty, besides, your firm shall be considered for debarring/blacklisting for a period not less than 5 years.**
17. **Acceptance of supplies is subject to production of relevant certificate(s)/report required in the matter.**
18. **Supplier/manufacturer/direct importer shall have to intimate immediately to the JKMSCL, in case, the firm or any of its product was or is getting debarred/blacklisted by any of the government department or PSU or any agency or otherwise. In case, Supplier/manufacturer/direct importer conceals the fact and it comes to the notice of corporation or any other agency or department(s), in later stages, the respective firm shall be held personally responsible for the same and action as warranted under rules of land/NIT shall be initiated against the defaulter firm.**
19. **Payment shall be released after successful installation and commissioning of the equipment duly verified by the intending department.**
20. **Approved technical specifications shall remain same as per NIT (Annexure I)**
21. **All the terms and conditions of the NIT, Standard Procurement Procedure (SPP) of JKMSCL and LOI shall constitute an Integral part of this Rate Contract.**

Yours sincerely,

22.04.26
(M A Choudhary) JKAS
General Manager (Adm.)
J&K Medical Supplies Corporation Limited

15. Medical Officers (All drug ware houses), J&K Medical Supplies Corporation Limited.
16. Medical Officer (I.T), JKMSCL with the directions to upload the Rate Contract on DVDMS Portal.
17. Assistant Programmer (M) with the directions to upload the Rate Contract on official website of JKMSCL.
18. File

Ultrasound Colour Doppler with Shear wave Elastography

The equipment must be capable of operating in B, M, Doppler, Color flow and Power Doppler modes, Contrast ultrasound & 3D/4D Volume Scanning, Strain & Shear wave elastography.

It should support Convex, Sector, Volume Convex & TV and TEE probes. Further, it must include a full array of measurement and calculation packages. The specific minimum requirements for this equipment are as follow.

1. User interface & Ergonomics

The keyboard should have Height adjustment. The adjustment should also include Keyboard rotation Side to Side.

The system shall include at least a 21" monitor.

The monitor shall be mounted on an articulating arm that moves side - to -side, forward and backward.

The system should have 10 inch touch panel.

The system should have Gel Warmer.

The system shall have minimum Four active universal probe Ports.

2 Productivity

The system shall offer an extended field - of - view imaging that operates by sweeping a transducer over the anatomy of interest. This mode shall build the extended field- of - view in a real - time manner, showing the image as it builds.

System shall have image management features the store images by patient and include the ability to review images from different exams dates.

System shall support the ability to store digital data, in, the allows to optimize imaging parameters such as B Gain, TGC, Color Gain, Dynamic Range, Speckle Reduction levels, Doppler Gain, Doppler Base Line on old images & old loops recalled from the image archive.

System shall allow for live image an archive images side-by-side or quad display on a single monitor.

This display shall allow any type of image - B Mode, Color, or power Doppler on either side.

3. Workflow.

Realtime 3D/4D Imaging Capabilities.

Realtime 3D/4D Imaging Capabilities should be available in Convex, TVS Transducer.

System should have Auto/manual measurement for Fetal Biometry (BPD, HC, AC&FL)

Contrast Ultrasound Capability (CEUS) with Times Intensity Curve Graphs.

Should have Facility to Side -by-side comparison of previous ultrasound and other modality exams during live scanning.

Should have facility of workflow enhancement tool for standardized and repetitive exams

4 The System shall allow for post-Storage image manipulation to provide maximum image flexibility, review and productivity. It shall include the ability to change all following on recalled old Stored Images/Loops:

- Overall B-Mode gain, dynamic range and gray scale maps.
- Overall Doppler gain, base line shift, sweep speed and inverted spectral waveform.
- Anatomical M-Mode

The system shall provide a display zoom function on frozen images.

5 System should have inbuilt Strain elastography in Convex, Linear & Transvaginal probe.

6 System should have inbuilt 2D shear wave elastography in Convex & Linear Probe.

System should color -coded adjustable box.

Up to 10 or more measurements to be derived in both Kpa & m/s in 1 single frame

7. Scanning parameters.

The system should have minimum 20 lac or higher processing channel.

The system shall possess the ability to control speckle through the use of a speckle reduction algorithm that enhance borders, reduces speckle artefact and improves details and contrast resolution in gray scale with compatibility in Color mode 3D and side - by- side display.

The feature shall have operator selectable settings and be capable of displaying in side -by-side mode with non spackle reduced image.

The system shall provides the ability to scan in the compound imaging mode with up to 9 lines on all linear and convex probes.

The system shall provides scan depths from a minimum of 2 cm to a maximum of at least 33 cm.

System should have frame rate more than 2000f/s.

System should have 256 gray shades.

B-Mode /M-mode imaging.

The system shall provide the capability for coded tissue harmonic imaging on all offered transducers.

Color flow/Bi-Directional Power Doppler/ Pulse Wave Doppler

Measurements and Calculations

1. Measurements should be possible on frozen images as well as on images recalled from the image archive.

The system shall provide a comprehensive set of obstetrical and gynecologic calculations and vascular calculations with summary reports.

2. Image Archive and Networking \

The device should store images onto an integrated DVD-R Multi drive and a USB port storage device.

The system shall include at least 500gb HDD which includes at least 250 GB hard drive for large local image storage capacity.

The device should store images in DICOM, JPG, WMV and AVI formats for maximum flexibility. DICOM Connectivity

3. Transducers

1.5Mhz Broadband convex Probe for Abdomen imaging.

3.12Mhz Broad band -Linear Probe for Abdomen, Paediatric, Peripheral, MSK.

5.9Mhz Broad band TV/TR probe. \Convex Volume Probe.

1.7 Mhz Convex volume probe matrix Array/Single Crystal liner probe 4-16Mhz frequency.

Single Cristal high density or matrix array linear probe.

Although offered transducers should have single crystal high-density transducers which is latest in technology. (Optional)

4. Additional items

- UPS with 30 Min Backup
- Thermal B&W Printer
- Color inject Printer
- Isolation Transformer
- Automatic Stabilizer
- Chemical Copper Earthling for the equipment to be provided and connected to the system

The System should be USFDA Certified or Certified with European CE with Notified body.

Terms and Conditions:

- The whole system supplied should carry 3 Years warranty.
 - No deviation on specifications will be acceptable.
 - Compliance sheet to be attached to the tender without any deviation.
 - Configuration list to be attached properly mentioning Make and model of the equipment.
 - Brochures and all required certificates to be attached in the tender.
 - Proven service centre in the valley form more than 5 years.
-
